

ABOUT THE HEAVENLY VALLEY NET

This weekly net is open to any amateur radio operator; you do not have to be a TARA Club member to participate.

The net uses the following format.

- Local weather and road reports
- Announcements and traffic listings
- Roll call
- Call for Late or Missed members
- Visitor check-ins
- Those wanting to be added to the roll call
- Swap Time
- Repeat announcements

The Net is hosted by the NR7A repeater located at the Heavenly Ski Resort on East Peak at an altitude of approximately 9600 feet. All-Star and EchoLink stations can connect to the Net.

Information on the day, time and frequency used are all on the main page.
